

## Ex VP Wallace Studies Glades Cern

Former Vice-President of the United States, The Hon. Henry A. Wallace, accompanied by D. William L. Brown, visited Belle Glade Sunday and Monday of this week. They had just returned to the States from Jamaica after visiting their winter field corn nursery there.

Wallace is founder and co-chairman of the Board of Directors and is Director of Research of the Pioneer Hi-Bred Corn Company of Johnston, Iowa, the first company to produce hybrid corn seed on a commercial scale. Wallace was recently made an Honorary Lifetime Member of the Soil and Crop Science Society of Florida.

While in Belle Glade, they visited the president and secretary-treasurer of that group, Dr. Victor Green and Dr. R. V. Allison. Mrs. R. V. Allison was hostess to the group Sunday night.

Despite his 78 years, Mr. Wallace was a keen observer of the agricultural scene at the Everglades Experiment Station and the farm of A. Duda and Sons, where the group spent Monday morning.

The Iowans consulted with

The Hon. Henry Wallace

Drs. J. R. Orsenigo, J. A. Winchester, E. D. Harris, Jr., H. L. Chapman, Jr., V. E. Green, Jr., R. V. Allison and Mr. E. A. Wolf. Mr. Warren Battle showed Wallace and Brown the extensive Duda operation. After visiting the Pioneer winter nursery at Homestead, Dr. Brown will return to the Company at Iowa, and Mr. Wallace will return to his Farvue Farm at South Salem, New York.

## Holland's Action "Correct Situation"

Senator Holland, in reply to a letter from THE HERALD, informs us that, "we were able to adopt and incorporate in the resolution language to correct this situation."

The Senator was referring to his (he is Chairman) Agricultural Appropriations Subcommittee of the Senate Appropriations Committee.

Congressman Paul Rogers, as well as Congressman Mathews and Commissioner of Agriculture,

Doyle Conner, also reply that they will give the matter of stopping this "measure of false economy" the ax, if at all possible.

The men who write the checks, or authorize their signature, usually exercise SOME regulatory power, even with fellow Democrats.

Of course Senator Holland's resolution will have to have the okay of the Senate, and agreement from the House in Conference.

before it becomes legal. It's effect is already apparent, we understand, in the Agricultural Department.

In Oriental and South American countries, jute, kenaf and other plant fibers are generally a family operation, with casual harvesting, retting, washing and cleaning by hand at times that do not interfere with the siesta or Allah's call.

## Nat'l Scout Week

## Campout Demonstration This Weekend Will Wind Up Week's Activities Here

Under the District Planning and Activity Committee of the Boy Scouts, Thomas N. Parker, chairman, says Boy Scout week will be climaxed Saturday on the lot between the post office and the new bus station with a demonstration camp site. The camp site will be manned by Boy Scouts from Troops 601, 621, and 622 and the Explorer Scout from Post 612. Several display tents will be set up with different types of sleeping arrangements, blanket rolls, bed rolls, and cots, and various types of cooking fires will be demonstrated. Many other scout skills will be displayed and District Commissioner R. J. Allen says "Come out and see these boys and talk with them to realize some of the hidden values of scouting as well as enjoy a better feeling about the younger generation."

Others serving on the community activity committee for Scout week are Emil Wolf, Myron Ludlow, Thomas M. Parker, Urban Felsing, C. E. Haines, Neighborhood Commissioner, also assisted.

In further observation of Scout week on a District level, scouts from Okeechobee, Canal Point, Pahokee, Belle Glade and Clewiston will paddle two canoes from Taylor Creek to Clewiston. The Okeechobee boys will start the trip at 7 a. m. on Saturday, February 13 at Taylor Creek and will take turns paddling 16 miles until where they will be met by the Canal Point and Pahokee boys. After an overnight camp the Belle Glade Scouts, Sunday, will continue the canoe trip to meet the Clewiston scouts. Since the paddling ability of the

## Additions Give \$2.75 Million Complete Sewer Unit

Manager Hugely (right rear) is inspecting the piping from the hospital and Holiday Inn, northward, and the installation of a lift station, in the rear of the hospital. Manager Jones of Whitmore Mould (left) is showing his work on the lift station. Ex-VP Phillip Albano (center) and his Project Supervisor Ted Wood are discussing coordination of the two jobs, as they are components of the system.

"The Nation's Winter Vegetable Basket," has now added sugar as a major item to the family table three times daily. The folks who work in the fields, in the packinghouses and handle these foodstuffs are presently being offered modern sanitation and sewer systems most likely unequalled in a high production area.

Some 850 units — in our most congested areas — have had this privilege already; the engineers inform us that 1,250 additional connections will be available in Belle Glade by mid-year.

Our City had invested \$1,261,808 in the original system, which included a Treatment Plant sufficient for the entire City. Contracts already signed, and now under execution by the contractors call for a total amount of \$1,358,922. The two total \$2,619,730 bonded indebtedness for the system, which, it is estimated, will serve some 90 percent of the City's inhabitants.

To repay these borrowings, pay the interest, and operate the system, each dwelling unit is charged \$3.50 per month.

Non-residential units are charged on a sliding scale based on the amount of water metered to the unit.

Connection charges during the construction period are \$10 and for a period of 90 days thereafter. Charges, following the 90-day period, will be \$35. If the City provides services for a main to the property line, the connection charge will be \$250.

Within a reasonable time after service is available, whether connection is made or not, there will be assessed the normal charge of \$3.50 monthly service charge.

A personally conducted tour of the sewerage system is being planned.

Gravily flow is utilized from the house or building where the sewage originates to the collecting mains, and as far as is practical to a central point where it pumps up and up and up.

## Roadside Sights Being Studied By Rec. Committee

The "Palm Beach-Broward County Advisory Committee on Recreation, met in Belle Glade Wednesday, as the signers of the City and Chamber of Commerce at a fish fry.

Glades members, Fritz Stein and Luther Jones, discussed the endorsement of the group for over-the-dike passage and boat ramps at selected spots on east U. S. 90.

The Chairman asked that local groups get together and recommend location of these sites.

He definitely at Lake Harbor — and report to the next meeting.

## Heart Fund Bowling Tournament Opens

The Fifth Annual Heart Fund Bowling Tournament opens Monday at Glades Bowling Lanes and will run through Friday of next week.

All leagues will be participating and a winner awarded in each league.

During past years the Bowling Tournament has raised approximately \$300.00 for the Heart Fund here annually.

## Possible Guards On Canal Highways A Safety Topic

With less than two-thirds of the parked autos on the shoulders, there remains only a short distance until a moving car is on the banks of the canal, and finally — IN THE CANAL. The picture was taken Tuesday afternoon east of Six Mile Bend, and on the west side of the road.

The rescue of a woman passenger from a car that was "flipped" on to the shoulders, and into the canal last week, by Sam Knight, local farmer and business man points up the dangerous condition of main highways with parallel canals.

The drowning of four during the weekend in the neighborhood of Pahokee in a roadside canal, also emphasizes the hazard.

On Friday morning at ten a. m., members of the Citizens Safety Advisory Committee of

Miami and Dade County met with the remnants of the Palm Beach County Committee, in an effort to revive the local committee.

At 2 P. M. Hal Chaires of Ocala, Dade County, as Chairman of the Safety Committee of the Legislative Council, calls his Committee for a meeting which has been scheduled at the invitation of Representative Roberts, who is a member of the Council's Safety Committee. Information

and views of the citizens are invited by the Legislative Committee on Safety. Henry Earwood and members of his Canal Hazard Committee will appear before the Legislative Council Committee to present facts and views on some sort of preventative and/or protective measures for autoists travelling roads along side canals.

Plantings of fast growing and effective shrubbery have been suggested, but permission of the State Road Department must be secured.

## New Iota Epsilon Chapter Names Temporary Officers

Twenty of the loveliest young ladies, ages 21 through 25, Belle Glade has to offer, took the initial step on Thursday night when the Pledge Ritual of Beta Sigma Phi was conducted at the home of Mrs. Earl Lindrope. Mrs. J. Eddie Jones, Extension Officer of Xi Beta Gamma Chapter, the sponsoring group, read the ritual, being assisted at the table by her sister, Mrs. Frank C. Anderson, Mrs. Thomas P. Baker, Mrs. J. V. Landingham, Mrs. Chas. Burkett, all current officers of the chapter.

Mrs. Lindrope and Mrs. Anderson personally pinned their own daughters during the ceremony, the daughters being Miss Eileen Lindrope and Miss Pat Anderson, the latter the present Miss Palm Beach County. Both girls are engaged to be married this spring.

The family name of Kirchman, well known in the Glades, was called five times when five lovelies of this family were presented. These candidates were Miss Jane Kirchman, Mrs. Michael Wilson, the former Bob Kirchman) and Mrs. Betty Kirchman, Mrs. Ronnie Kirchman, Mrs. Terry Kirchman. The other young ladies presented were: Mrs. Leon Burkett, Mrs. Jimmy Cason, Mrs. Mike Chalmers, Mrs. James Chalmers, Mrs. Floyd Collinsworth, Mrs. Gordon Corbin, Mrs. Billy Cowart, Mrs. Frank Jones, Mrs. Janet Ludlow, Mrs. Jerry McKee, Jr., Miss Barbara Stevens, Mrs. Bob Van Landingham, and Mrs. Roger Walker.

Following the Pledge Ritual, a short time of becoming acquainted and renewing friendships was enjoyed by the members.

## Woman's Club Vote

### Revisions To Laws And Constitution

The regular monthly business meeting of the Woman's Club of Belle Glade met Thursday Feb. 4 at the Civic Center with Mrs. S. N. Knight, first vice-president, presiding. Mrs. William Thibault gave the devotion.

Mrs. Bert Roemer, chairman of the revisions committee brought a recommendation from the committee with some revisions to the constitution and by-laws. This recommendation was unanimously accepted. Mrs. Joan Royal asked for and received volunteers to help envelope for the Easter Seal Campaign. Mrs. Emmett Roberts, chairman of the Fine Arts Committee reviewed the rules for the sewing and Arts Festival. Several pictures were displayed in connection with the festival.

A most interesting program was given on Fine Art. Mrs. Selma Bamford showed slides and narrated on the works and sculpture of Michael Angelo.

Guests were introduced and delicious refreshments were served. Hostesses for the afternoon were Mrs. Bernard Painter, Mrs. C. A. Bailey, Mrs. E. O. Ward, and Mrs. Robert Watson.

## Miss Susan Weaver To Wed R. Chaney

Mr. and Mrs. E. W. Weaver of Lake Harbor announce the engagement of their daughter, Susan Elizabeth to Robert William Chaney of Belle Glade.

Mr. Chaney, who is associated with Thomas Chaney Construction Company, is the son of Mr. and Mrs. W. M. Chaney of Belle Glade.

Miss Weaver is a graduate of Belle Glade High School and until recently was a student at Jackson Memorial Hospital School of Nursing, Miami.

A March wedding is planned.

## J. A. Harrell Family Gathered For Reunion

A family reunion was enjoyed at the J. A. Harrell home on S. E. Third St. last Thursday. Members of the family from out of town were the Harrells' son M/Sgt. J. T. Harrell of the Pentagon, Washington, D. C. who arrived Wednesday night for a two weeks visit and Mr. and Mrs. J. F. Todd and daughter, Dede of St. Cloud, who came for the day.

Present were Harrell, Mr. and Mrs. Marvin Harrell, and Ralph Harrell, Mrs. Bill Blackwell, Mrs. Louise Lockmiller and daughter, Juanita.

Group singing was enjoyed by the members, and guests with Mrs. Mason at the piano. Mrs. Jones served refreshments to Mrs. Howard Burdine, Mrs. Ray Whitlock, Mrs. Edward King, Mrs. William Mascoe, Mrs. Mabel Lutz, Mrs. Pauline Boydston, Mrs. Edna L. Anderson, Mrs. Houghton, and Mrs. Roth W. Smith of Epiphany Chapter, Columbia City, Indiana.

Mr. Peter LaChance of Belle Glade will attend a special Father - Daughter Valentine greeting weekend event February 12-13 at Silver Springs. The event is being given by sophomores and seniors.

He left by plane today for Boston to be the guest of his daughter Anna Marie who is a student at Simmons, and will be among the 300 fathers expected to attend classes with their daughters all day Friday. Plans for the evening include a "Dutch Treat" supper, although evidence points to Dad happily footing the bill.

On Saturday the fathers will attend coffee hours in all the schools and have an opportunity to meet with directors and faculty. A highlight will be an assembly at which President William E. Park and Dean Eleanor Clifton will bring greetings of the College, and Anna M. Hanson, Director of Placement, will talk to the fathers about the future of their daughters.

A special luncheon will be held at which President Simmons library and laboratories, and a series of lectures.

In the afternoon the girls will try to be a match for their fathers at volleyball, ping-pong, badminton, and for the less strenuously inclined, bridge, canasta and a dinner dance.

A dinner dance will be held at the Harvard Club where the girls can show off their Dads during the Waltz, the Frug - or maybe - just a waltz. A Sunday dinner in Bartoli Hall and a combined concert of the Simmons College - Union College Glee Clubs in Alumnae Hall will clinch the weekend.

Wild Rhesus Monkeys living on Silver River at Florida Silver Springs, and viewed by nearly two million tourists annually, were first placed there for the original Johnny Weissmuller Tarzan Movies.

Services were held Tuesday afternoon at Mizell - Fawcett Funeral Chapel with the Rev. Thomas Wood, pastor of Belvedere Baptist Church officiating.

Burial was in Hillcrest Memorial Park, West Palm Beach.

## Spring Art Exhibit Set For April 25

Mrs. Luther Jones was hostess to Omicron Chapter of Sigma Eta Fine Arts Society, Inc. at her home on Tuesday evening.

Plans were made for the Spring Art Exhibit on April 25, and final arrangements were made for the rummage sale Feb. 13 at the old Kwik Check parking lot.

Art books were exchanged in the Sigma Eta circulating library.

A favorable report was given on a request by the chapter for a program of good music on the local radio station. It is hoped that this will be possible in the near future as the station is adding more time and more power, for programming.

Omicron Chapter was honored by the presence of Mrs. E. H. Hunsberger National Corresponding secretary of Tau Chapter, Wakarusa, Indiana, who is vacationing in Sebring during February and March and came down for the meeting.

Group singing was enjoyed by the members, and guests with Mrs. Mason at the piano. Mrs. Jones served refreshments to Mrs. Howard Burdine, Mrs. Ray Whitlock, Mrs. Edward King, Mrs. William Mascoe, Mrs. Mabel Lutz, Mrs. Pauline Boydston, Mrs. Edna L. Anderson, Mrs. Houghton, and Mrs. Roth W. Smith of Epiphany Chapter, Columbia City, Indiana.

**THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE**

Judge not according to the appearance, but judge righteous judgment.

Even those who were with Jesus throughout His ministry failed to learn the lesson of impartiality which His words and actions have taught them. It took a vision to show Peter that God is no respecter of persons. After two thousand years men are still slow to learn. While our minds give assent to the principle that all men are of equal worth, we often feel and act as though some persons are more important than others.

Jesus conversed with a sinful woman of the despised Samaritans, dined with a publican, reached out to touch a leper, and received little children as persons of infinite value. Still we look on the outward appearance, forgetting that God looks on the heart, which is the real person.

Jesus values persons not only for what they are, but also for what they can become. We need that kind of insight and faithfulness. How long will Christ's followers deny Him by looking with contempt on those for whom He died?

**PRAYER:** Our Father, help us to overcome the blindness of prejudice that we may reject false standards. Help us to look upon others with the clear vision and loving concern of Jesus, our Savior and Master. In His name we pray. Amen.

## D. D. F. Catholic Drive Sunday, Feb. 14

Sunday, February 14, has been designated by the Catholic Diocese of Miami as GENERAL PHASE SUNDAY in the Diocesan Development Fund Drive for 1965. This Development Drive calls for funds to construct a new Boys Town of South Florida on a 60-acre tract in the Diocese. It also calls for dependent accommodations at the Diocesan residences for dependent teenage boys and girls, as well as expansion of

the Catholic Welfare Bureaus in the Diocese, besides the construction of educational centers.

St. Philip Benizi Parish in Belle Glade, with its Mission of St. Mary in Pahokee, is one of the 93 parishes of the Diocese of Miami. On Sunday afternoon, therefore, several volunteer workers will start making personal visits to the many kind parishioners comprising St. Philip Benizi Parish. These vol-

unteers are the representatives of Bishop Carroll and his pastor, Father Fenech, and will be acting in their name when trying to solicit the help of those being visited to raise the necessary funds for this year's Diocesan projects listed above.

Mr. J. A. Finan and Mr. J. L. Murphy are co-chairmen for this D. D. F. drive in Belle Glade, while Mr. C. Modecki is Chairman for the Pahokee area.

## Old Fashion ... Weekend Revival

Pahokee Baptist Mission will hold an old fashion weekend revival Feb. 12-14.

The purpose of this revival is not only to revive those who are already God's children, but for the furtherance of God's Kingdom by bringing the true word of God to the lost and to give them a chance to accept Jesus Christ as their personal Savior.

Evangelist E. L. Johns will bring forth the inspired word of God, each night immediately following the song service which will begin at 7:30 p. m.

The prayers of the members of the mission are for record attendance and the salvation of many souls for the Glory of God.

You are urged to attend and enjoy the sweetest fellowship, fine singing, and inspired word of God.

### SERMON TOPIC

## Episcopal Ch. To Welcome New Priest

The congregation of St. John the Apostle Episcopal Church of Belle Glade officially received the announcement from Mr. Harold Zamp, Senior Warden of the Vestrymen, that Rev. William R. Pickles would arrive in Belle Glade on February 24 to begin his duties as vicar of St. John the Apostle Church here in Belle Glade.

Rev. Pickles is a native of Pennsylvania and attended his first two years of college there before entering the United States Air Force to serve for four years. He completed his college studies at Florida Southern College before entering the University of South School

of Theology.

Upon completion of his Seminary Studies at Sewanee, he was appointed Curate at St. Martin in the Fields in Pompano Beach, Florida under its Rector the Very Reverend H. Lyttleton Zimmerman, Dean of the Ft. Lauderdale Deanery.

Fr. Pickles has served at St. Martin for almost three years.

Fr. Pickles, his wife and three children will occupy the Vicarage at 208 N. W. Ave. H.

## WHY DOES GOD CARE?

We are so tiny in the vastness of space, so drab in the grandeur of nature. Why does God care about each one of us?

This question has always puzzled the mind of man. It will probably never be completely answered to his satisfaction until he sees and believes the evidence of man's importance to God: *Thou hast made man a little lower than the angels.*

It remained for Jesus Christ to reveal the love of God. Sunday — World Communion Day — Christians will unite in the sacrament which is their richest experience of the glory and honor God has given.

The world over, men will rejoice in the Divine Love, so far-reaching, that God gave His Son for humanity.

# Snakes, Rats, Birds & Vandals Are Thwarting Engineers In Compiling Valuable Scientific Data

In today's sophisticated world of rockets to the moon, nuclear power, television, and space, the Army Engineers in Jacksonville are frustrated in the seemingly simple task of obtaining accurate and continuous records of rainfall over Lake Okeechobee.

Electrical-mechanical rain gages installed in the middle of the 720-square-mile lake, and in the conservation areas south of the lake, have become targets of vandals and the enemies of animals. The result is that records critically needed to design, build and operate the intricate system of canals, dikes, and water control structures are often virtually useless.

Weather-bureau type rain gages installed by Army Engineers in Coast Guard towers in the middle of the lake have fallen prey to vandals who rip out the wiring, steal the batteries or pilfer parts from the delicate instruments.

Snakes, rats, and birds, by using the rain gages for temporary housing, also thwart the Army Engineers' efforts to obtain the critically-needed rainfall records.

Records in the Jacksonville office of the Corps of Engineers show that maximum rainfall varies from 68 to 83 inches per year between the north and south ends of the sprawling shallow body of water.

The rain gaging program was established by the Corps of Engineers primarily to assist in the regulation of the lake stages and in determining the inflow, outflow, and evaporation over the 720-square-mile water area.

District Engineer Col. H. R. Purfitt said, "We need accurate rainfall data — the difference between rainfall over the lake and the evaporation from the lake, as well as the differ-

Vandals, Animals, Fowl Badger L. Okeechobee Rain Gages

Rain gages, such as this one being checked by a workman from the U. S. Army Corps of Engineers, have been the target of vandals in Lake Okeechobee. The rain gages, installed on Coast Guard towers in the sprawling lake, provide vital rainfall information over the large body of water. Much of the rainfall data are lost, however, when vandals swipe the batteries and parts, and birds and animals nest in the recording boxes. Rainfall data are needed by the Army Engineers to design and build water control structures in the flood control project and to properly operate the existing water control facilities.

ence between the inflow to the lake from its 5,200-square-mile drainage area and the outflow. Precise information on these factors is absolutely

order to more efficiently determine the water budget for operating the Central and Southern Florida Flood Control Project and adequately supplying the various users in South Florida.

The rain gage stations, especially those installed in Coast Guard towers in the Lake, are operated by 6-volt dry cell batteries which are supposed to keep the pen and ink recorders registering daily rainfall for a 90-day period.

Army Engineer personnel service the recorders at three month intervals, but unfortunately they frequently find that a recorder was damaged or its batteries swiped only a day or two after it was last checked. This means that three months of valuable rainfall data are not obtained. Checking the gages on the often rough Lake Okeechobee waters requires the services of two men for an entire day for each of three stations. During windy periods the field personnel may be held up for several days before a boat can venture on the wind-swept lake.

Colonel Purfitt pointed out that the rain gage stations, in addition to providing valuable basic research data also are in valuable during the passage of a hurricane or tropical storm over or near the lake. Wave height gages, composed of narrow, concrete covered, spark plugs which short out when wet by waves, keep tabs on the level of waves in the lake during storms.

Seventy-five percent of South Florida's rainfall comes in the period from May to October. During a "wet" year that section of the state may get 65 inches of rain, or 43 inches during a "dry" year.

But at Canal Point, on the eastern side of Lake Okeechobee, 83 inches of rain were recorded in a single year. Canal Point also recorded the greatest volume of rain in the area for a 24-hour period — 21.92 inches occurred in 1932.

Causes of Florida's high humidity and rainfall are varied. One reason is its geographical location in the Maritime Tropical air source region.

Another is the prevailing winds — northeast or southeast. A third is proximity to the ocean and many fresh water lakes which are a source of moisture and high humidity. But meteorologists with the

Corps of Engineers say the albedo of ground and water surfaces also affects the state's rainfall.

Albedo, the engineers explain, is a measure of reflectivity of the ground or water surface and is a factor in any region's climate. It is defined further as the ratio of reflected solar (sun) energy to the incident (absorbed) energy at the surface.

The albedo of sparkling snow is about 60-75; for a lake or ocean it ranges between 5 and 1. An albedo measurement of South Florida taken Sept. 5-10

1963 over fields and swamps showed a relatively low value of 14-15. And the albedo in this area remains nearly constant the year around because of the relatively unchanging ground cover.

The texture of the ground surface south of Lake Okeechobee is predominantly dark — consisting of the dark green vegetation and the rich black loam, peat and musk soils. "The darker soil absorbs more of the sun's energy," the Engineers declared, "and this produces heat which causes evaporation, which in turn increases the

moisture content of the air above the ground surface (high humidity) which in turn is a factor in the formation of diurnal thunderstorms from May until late September.

Regardless of high or low rainfall during a given year, records over a long range of time are needed by the Army Engineers in order to more accurately operate the vast flood control project — to budget the water supply over a given period of time.

But snakes, rats, and birds, as well as vandals

operating in boats are thwarting the Army Engineers in compiling valuable scientific data.

Animals and fowl which damage the rain gages or nest in the boxes can be discouraged to a certain degree with improved boxes to protect the delicate mechanisms, but the human vandals are a more serious problem.

The vandals may be doing themselves and their families irreparable harm by making the engineering information difficult to obtain. Certainly they are causing higher operating costs which are reflected in the taxes paid by every citizen.

hundreds of pounds per hour as compared with the casualness of present methods in countries consisting by our open-handed generosity of money and sureness of funds.

The washing and squeezing machine, with a regular crew of three does the work of many men in a ten-hour day. Hastening maturity of kenaf, has been substantially eliminated by plant improvement in section and breeding at the Everglades Experiment Station. Blooming has been delayed until January — a three to four months extension of harvest time.

Other planting, fertilizing and cultivation practices have been improved at the Station. India and Pakistan import into this country more than a half billion pounds of jute, and it's highly acceptable substitute kenaf, either in the unspun fiber or in woven burlap.

Communist China has made an foray into India to test its vulnerability and for political reasons. They are daily peep-

ing over the hills at India and Pakistan.

Whenever they decide to spill over, "bang" goes the American source of this fiber. We will then see the USDA frantically flinging dollars to the winds in a crash program to provide kenaf and other plant fibers — kenaf, kenaf and kenaf — for Defense, and for everyday commerce.

The Glades, will be the focal point, and ALL of southeast United States will be patriotically growing fibers.

A paper pulp mill in the neighborhood of Palatka has obtained encouraging results in quality of paper and amazing tonnages of plant material produced per acre with kenaf.

The idea of kenaf fibers for paper originated at the Everglades Experiment Station and is being energetically sponsored by Gainesville.

THE HERALD informed the Secretary of these facts when he announced a "splurge of Economy" and ordered the investigations on fibers to be discontinued.

The silliness of the Secre-

FORCE it to the next collecting stage.

Finally the separate force pumps at the main station on the west side of the City pick up the accumulated materials and pump them to the treatment plant.

In this level country, where the difference between the top of a hill and the bottom of the valley is twelve inches in extremely "high" places, gravity flow is restricted.

Mr. Moon, Sewer Plant Manager's "false economy" move has evidently caused our Senior Senator to "quit ASKING and begin TELLING" the misguided.

Word has been received from Senator Holland advising that his committee provision has passed the Senate and will go to conference with the House.

The Senator also advised that the Secretary "is questioned carefully regarding his plans to close this facility."

ger, has followed the suggestion of City Manager Hugely in a training program for assistants.

Two local young men — Frankie Barbee and John Barbee are in training as Plant Managers, and follow a course of instruction, along with daily chores, as prescribed by the State Board of Health.

When prescribed studies are satisfactorily completed and specified experience has been had, examinations by the State Board will lead to licensing as Operators. As "earning and learning" progresses, shifts are part of the routine, under the direction of Operator Moon.

The designed system, equipment and facilities now being brought to a completion, is "the Cadillac" of the profession, according to the opinion of experienced men.

The Schwab firm major contractors on the extension has sent their Executive Vice President Mr. Philip W. Albano here and have shifted personnel from other jobs, as well as to have brought in and ordered in much additional equipment.

## A Mother's-eye View of a Scout

By MARGUERITE KARACZAN

### A Scout is TRUSTWORTHY

"Gee, is it really 5 o'clock already? Well, quit worrying, Mom. I said I'd make my bed today, and I will."

### A Scout is LOYAL

"I realize you just bought this flag, Mom, but Billy let it fall on the ground. We have to burn it."

### A Scout is HELPFUL

"Hey, Mom! You know how long you've been complaining about what a mess the garage is? Well, while you were away, I straightened it up as a surprise for you and gave the trash man all the stuff I figured we wouldn't be needing anymore."

### A Scout is FRIENDLY

"Mom, Joey's father had to take his mother to the hospital this afternoon to have her new baby, so I told him he and Buddy and Jean and the twins could come here for supper. OK?"

### A Scout is COURTEOUS

"Won't you sit down, Reverend Brown? My mother will be down in a minute. She's just washing her hair."

### A Scout is KIND

"Aw c'mom, Mom. One piece of birthday cake won't hurt you. You're not that fat."

### A Scout is OBEDIENT

"But I am in bed. You didn't say anything about eating or reading."

### A Scout is CHEERFUL

"Boy! Isn't this snow great? If it just keeps up maybe they'll keep the school closed all week!"

### A Scout is THRIFTY

"Mom, can you let me have 50 cents for the movies? I'm still saving all my allowance for a new sleeping bag."

### A Scout is BRAVE

"For gosh sakes, Mom, why are you getting so hysterical? It's only a harmless black snake."

### A Scout is CLEAN

"I was gonna take a bath, honest. But I figured with company coming you wouldn't want the bathroom all steamed up."

### A Scout is REVERENT

"Sure I said my prayers. Plus a special one about that new bike."

## "Honest A B E"

February 12 is a significant date in the meaningfulness Abraham Lincoln contributed to this country, not only as a great President, but as a man.

In Lincoln's life his beliefs were supported by his acts and within them were precepts of profound value. View the simple quality of integrity; Lincoln exemplified high moral qualities obvious even in youth. The nickname of "Honest Abe" was earned, not given. He spent his life in occupations highly susceptible to temptation — the law and politics — yet not even a suspicion of scandal ever touched him. Lincoln's integrity was a part of him even in the heatedness of debates for he never misrepresented an opponent and never concealed his own convictions.

Abraham Lincoln was an honest man; a man of good will skilled in arguing his convictions. In the Declaration of Independence, with its assertion that all men are created equal, Lincoln saw a promise that in due time "the weights should be lifted from the shoulders of all men, and that all should have an equal chance." Lincoln's greatest contribution to posterity was his faith in de-

mocracy, expressed in imperishable words. Union was the theme of the great set of all of Lincoln's writings, the Gettysburg Address:

"It is for us to be here dedicated to the great task remaining before us . . . that this nation, under God, shall have a new birth of freedom — and that government of the people, by the people, for the people, shall not perish from the earth."

Immoral behavior in government, in business, in society has been with us always and though it seems that "today" is less strict it is no different. THE DIFFERENCE IS IN THE MAN. ABRAHAM LINCOLN, if we use his life to speak, might say: "It is rather the time now that each of us be dedicated as individuals in the life before us . . . that this community, this home, this nation under God, shall have a new birth of moral integrity, and that honesty and goodness shall reign in all the homes on all the earth."

ABRAHAM LINCOLN WAS INDEED A GREAT MAN for what he was and how he lived.

## Uncle Dan Says

I see by the papers where our State Department have sent two "folk singers" on a tour of some Africa countries. This piece said they were toting a banjo, two guitars, a flute and a horn. They were traveling by Army helicopter and aimed to make stops in the Congo and all their troubled spots.

I hope Dean Rusk knows what he's doing but when I say that boy we would've called that carrying coals to Newcastle. About all we got in this country today is jungle music that sounds like it come from some place like the Congo, and trying to smuggle it back into the Congo as some new is going to be harder than trying to smuggle daylight past a rooster. I was reading the other day, for instance, where a North Carolina farmer was visiting some of his kinfolks in the city and was attending a "twist" party put on by his niece. After watching 'em twist, turn, wiggle, stoop, dip, and stomp for a spell he took a long draw on his pipe and allowed as how "twist" don't bring rain, nothing will. Maybe Dean Rusk fingers they were needing rain in the Congo.

We was discussing these matters at the country store Saturday night, and Ed Doolittle said he wasn't particular interested in rain in the Congo at this time. Ed reported he was a little upset by a item he had saw in his latest bulletin from the U. S. Department of Agriculture saying they might have to

change the rules and regulations for dairy farmers. They was always a hassle going on in the milk business. The consumer is afraid he'll get stung and the producer is afraid he'll go broke. Personal, Mister Editor, I quit worrying about cows long ago. At my age all I want out of milk now is a little milk for my coffee. This dairy business will shorten a feller's days.

Clem Webster, that's still bragging about that home run Lyndon Johnson hit in November, said he wasn't worrying none about rain in the Congo or milk in the U. S. A. He allowed as how, with a smooth diplomat like Lyndon at the wheel, everything was going to be all right. For instance, reported Clem, he had saw a piece in the papers where Lyndon had spoke at a "sunrise" breakfast to some woman's club in Washington and ain't leaked a word on how club women look early in the morning. A feller like that, claimed Clem, was bound to hold a steady course on all fronts.

Most of the fellers at the store Mister Editor, was old-timers and as a general rule they don't get too upset over the issues from day to day. And we got some real old-timers amongst the fellers. Zeke Grubb, for instance, claims he can recollect way back yonder to the days when women's "unmentionables" was unintentionable. Yours truly, Uncle Dan

## Your Library

We have a new sign, pinpointing the location of the PUBLIC LIBRARY for newcomers in town, tucked under the eaves to the left of our front entrance. Being next door to the Police Station gives us a sense of security second to none, but with the jail towering over us on one side, and the trucks parked to the West of us in the City Parking Lot barring the view from that direction, we feel compelled to shout out our whereabouts.

The town's children have little trouble locating us, sign or no sign. Here are some of our newer books for the lower elementary group.

## BOY SCOUTS OF AMERICA

## STRENGTHEN AMERICA'S HERITAGE

BOY SCOUT WEEK FEB. 7-13

## TRAINING PROGRAMS ANNOUNCED BY NEIGHBORHOOD SCOUT ASSN.

Emphasis on how the program of the Boy Scout of America helps to strengthen America's heritage will be the major feature of Boy Scout Week, February 7 to 13. The nationwide observance will celebrate the 55th anniversary of the youth movement with the theme Strengthen America's Heritage. Mr. E. V. Faircloth, president of the Gulf Stream Council, announced today.

More than 200 Cub Scout packs, Boy Scout troops, and Explorer posts in Palm Beach, Martin, St. Lucie, Indian River, Okeechobee, Parts of Hendry and Glades counties will hold parents' Scouting birthday dinners, present advancement awards; participate in religious services; and take part in Good Turns, reports to their charters, and patriotic displays, and patriotic displays, Faircloth said.

"For 55 years the Boy Scouts of America has been a major influence in training American youth in character values, citizenship skills and attitudes, and physical fitness," Faircloth explained.

"During Boy Scout Week, we will again make it possible for parents, public officials, and neighbors to see Scouting in action and to learn more of the depth of its program for boys from eight years of age to manhood."

"Two boys of this Council have been recognized as winners of a boy, and Borina, a horse, and the ancient art of ballet among the white stallions of the Spanish Riding School of Vienna, the oldest of its kind, and famous the world over."

**THE CROOKED COLT.**

All about a new colt, so weak and wobbly he could not run or walk like the others. With the help of his mother, and a little girl, he keeps trying, until he becomes the fastest of them all.

**I'LL SHOW YOU CATS.**

Pictures by Ylla.

The story matches the pictures in this book in action and delight, which is a superb compliment to its author, Crosby Bonsall. The pictures are marvelous. Ylla, known until her death as the world's foremost photographer of animals, outdid herself in this collection. For any child who loves cats.

The main spring at Florida's Silver Springs flows an average of 750 million gallons of water daily, enough to form a crystal clear river seven miles long.

Not present when picture was taken: Gene Hollingsworth and Scoutmaster, Jack McIlwain.

WEBELOS DEM: Randy Davidson, Den Chief, Brian Moore, Sam Wright, Cubmaster Frank Thomas.

CUB SCOUTING

There are 2,552 Cub Scouts registered in the Gulf Stream Council, Boy Scouts.

Cub Scouting is a home-centered program," Faircloth said. "The Cub Scout purveys activities in his own home under the guidance of his parents. His program consist of simple skills and group activities carefully chosen to challenge him at the eight-through-10 level."

The Cub Scouts belong to 69 Cub Scout packs sponsored by religious, PTA's, and other community groups, Faircloth said.

**BOY SCOUTING**

More than 2,900 are Boy Scouts in the Gulf Stream Council.

In connection with Boy Scout Week, February 7 to 13, with its theme Strengthen America's Heritage, it is explained that Boy Scouting is a game with a purpose for boys 11 years of age or older.

"The purpose of Boy Scouting is to help boys become men and to train them for citizenship," Faircloth said. "Each boy, through the give-and-take of group living and doing things that appeal to him, has the chance to develop himself in character, healthy in body, skillful with his hands, and keen of mind, ready to be of help to other people," he continued.

There are 102 Boy Scouts troops in the Gulf Stream Council sponsored by religious, service clubs, and other community groups, Faircloth said.

**EXPLORER SCOUT**

More than 500 high-school-age boys in the Gulf Stream Council are taking part in the Exploring program of the Boy Scouts.

"Exploring is a program of action," Faircloth explained, "doing a wide variety of activities that interest the majority of the members in each Explorer post. Some Explorer posts specialize in specific vocations such as science, auto mechanics, or different fields of business; but all emphasize the six areas of vocational, fitness, service, social, outdoor, and citizenship skills."

Explorers in the Gulf Stream Council belong to 34 Explorer posts sponsored by religious bodies, service clubs, business and industry, and other community groups.

## Miami Boat Show Largest Ever Open Feb. 19-24

With the 1965 Miami International Boat Show, Feb. 19-24 at Dinner Key Auditorium, literally around the corner, reports based on the number of exhibitors in the annual marine spectacle indicate it will be the largest in history.

Peggy Leysion, executive manager of the 24th annual Boat Show, revealed that spacious Dinner Key Auditorium is completely sold out — and has been, since Dec. 1.

"The number of displays in this year's show will certainly exceed that of any previous year," said Miss Leysion, at

the helm of Boat Show space sales for the fifteenth year. "Every possible inch of the exhibit floor space is occupied, and the mezzanine, adjoining tent and pier facilities are bursting with new displays, too."

The Dec. 1 "completely sold out" tag on the '65 Boat Show marks the earliest date this has ever happened. And, for the first time in the history of the annual national exposition, dating back to 1937, the mezzanine has been opened for private exhibitors.

"This will be our largest show from several aspects," added Miss Leysion, who helped guide last year's pageant to its record attendance of more than 154,000. "We have more exhibitors, a greater number of displays and boating interest seems to be reaching a new peak."

The most authentic Boat in the country, the Miami extravaganza is unique in that it presents displays on both land and in the water.

It has evolved into one of the three largest shows in the country.

More than \$5,000,000 in exhibits will be on display daily from 10-11 p. m. — including the latest word in hull designs, outboard and inboard motors, accessories, fleets of sail, pleasure craft and giant 45-foot ocean going vessels and an extensive marine art gallery. Offices of the '65 Boat Show are Robert W. Gardner, president; L. Fletcher Proctor, vice-president; William Simpson, secretary, and Thomas L. Phillips, treasurer.

WEDGORTH'S TEAM took first place in the first half of the Glades Youth Bowling League, Saturday a. m. at Glades Lane, 1-r were Melvin Weeks, Denise Swain, Jean Leavitt and Dennis Wedgworth.

VENOS CONSTRUCTION CO. won second place. Kneeling, is Tommy Deese, standing 1-r. Laura Armstrong and Pandey Buss. Not shown in picture was Steve Berryhill.

## Silver Spur's Kissimmee Rodeo February 19-21

Number 35 in a series of rodeos going back to 1944 is scheduled at Kissimmee, February 19-20-21 by the famous Silver Spurs Riding Club.

The non-profit institution (practically all the workers are volunteers, only cowboys receiving payment) now owns a plant, valued at \$150,000, and paid for by profits from earlier rodeos. The Arena is located midway between Kissimmee and St. Cloud on U. S. Highway 441.

This year's rodeo performances are scheduled at 2:30 p. m. daily. In addition, the Kissimmee Valley Livestock Show

and Osceola County Fair will be underway February 16-21 at the adjacent Kissimmee Valley Livestock Pavilion, where some of Florida's finest cattle will be on exhibit.

Admission prices are being changed this year. All seats are being reserved, with the cheapest ones selling for \$1.00 (both adults and children pay the same), and the most expensive for \$3.00 except for box seats which cost somewhat more. Practically all the 7,000 seats are under shelter.

Glass Bottom Boats at Florida's Silver Springs are under the supervision and regulation of the United States Coast Guard.

Many varieties of exotic tropical fish are found in the crystal clear waters of Florida's Silver Springs.

## Income Tax Information For All

A Federal income tax return must be filed by every citizen or resident of the United States, including minor children, who had gross income of \$600 or more in 1964. Laurie W. Tomlinson, Director of Internal Revenue for the Florida District, reminded taxpayers today.

If a calendar year taxpayer's 15th birthday is on or before January 1, 1965, he is not required to file unless his gross income in 1964 was at least \$1,200. Mr. Tomlinson said. He added that even though a taxpayer does not have gross income of \$600, he must file a return, if any income tax was withheld from his pay, in order to get a refund.

Self-employed persons such as businessmen, farmers, and most professional men must file a return if net earnings from self-employment were \$400 or more.

If you're a farmer who did not file an estimated Federal income tax return by January 15, you may have a tax deadline in February. Laurie W. Tomlinson, District Director of Internal Revenue in Jacksonville said.

If you earned at least two-thirds of your 1964 gross income from farming you must file your final Federal income tax return and pay any tax due by Monday, February 15, 1965.

Don't forget to list your social security number on your Federal income tax return. The law requires it. If both husband and wife have income, they each should list their numbers on a joint return. If only one has income, only his number is required.

Taxpayers are responsible for all entries and supporting documents in their Federal tax returns. This is true, he said, no matter who prepares the return. Tax advisors, whether they be taxpayers assistance personnel of Internal Revenue or private practitioners, can only rely upon the information furnished by the taxpayer. Their primary function is to transfer information from the taxpayer to the proper places on the tax form.

Mr. Tomlinson suggested that taxpayers seeking assistance should review last year's return and read current instructions first. Frequently, a deduction or item of income is missed because the advisor was not furnished with the necessary information.

Be sure to attach copy B of all Forms W-2 to your 1964

Federal income tax return. Refunds cannot be paid nor can credit be given for taxes withheld without the required Forms W-2, the withholding tax statements from employers. This advice comes from Laurie W. Tomlinson, District Director of Internal Revenue. He said that the Forms W-2 should be attached to the Form 1040.

However, Mr. Tomlinson asked that staples or pins not be used on the card Form 1040-A. Card form returns are processed by machine and staple or pin holes in the cards interfere with processing.

Taxpayers should be sure

## Sally Ann Boland On Dean's List

Dr. Byron S. Hollinshead, dean of the University College division of the University of Florida, announced the names of 359 freshman and sophomores

who qualified for the dean's list during the fall trimester.

Miss Sally Ann Boland, daughter of Rev. and Mrs. W. R. Boland, of Belle Glade made the Dean's List. She is a sophomore and a graduate of Belle Glade High School.

The group represented the top five per cent of the college enrollments that totaled 7,190 students. They had at least 14 credit hours and compiled a grade average of 3.36 or better to qualify for the honor.

Of the 359 academic leaders, 17 are Florida residents.

## Diazinon controls most Florida vegetable insects.

Diazinon\* insecticide is the only product you need to control most of the major insects of Florida vegetable crops. Here's the kind of "money-in-the-bank" program that Diazinon can provide:

Diazinon simplifies your spray program. It reduces the need to use several different insecticides. You spray less when you spray with Diazinon. So you save time and money.

You kill insects quickly with Diazinon. And the "staying power" of Diazinon provides outstanding control of problem insects like aphids, Southern armyworms and leaf miners for a long time.

You can use Diazinon throughout the seasons. And close to harvest... without residue problems. So take advantage of the benefits of superior vegetable foliar insect control with Diazinon. Order dependable Diazinon 50W wettable powder, or Diazinon AG500 emulsifiable concentrate, from your local supplier today.

## His '65 Ford rides quieter....than his Rolls-Royce

Tests proved it.\* Does this mean Ford now rivals one of the world's most wanted luxury cars? Hardly! But these tests do mean plenty—to you—if you're shopping for a popular, priced car. They prove Ford has outstanding strength, design, quality. Compare Ford, in every way, with everything in this class...

- 100% new body—strongest ever on a Ford.
- New frame "tunes out" vibration.
- New suspension puts a big ultra-soft coil spring at each wheel.

- Inspect Ford's luxurious new LTD models
- Decorative interiors, thick nylon carpeting.
- Walnutlike vinyl inserts on doors and instrument panel.
- Rear-seat center arm rests, five ash trays (4-door hardtop), padded instrument panel, and more.

- Relax in Ford's spacious interiors
- Swept-back instrument panel, lower transmission hump.

- Trunk holds four 2-quintars standing upright, and more.
- Test Ford's new power
- Big, new 289-cu. in. V-8 standard in XL's and LTD's.
- New Big Six—biggest Six in any car. Test-drive a '65 Ford!

\*Leading, acoustical consultants conducted tests in which 1965 Ford's (Galaxie 500 Sedan, XL and LTD Hardtop) with 289-cu. in. V-8 engine and automatic transmission rode quieter than a new Rolls-Royce. These tests were certified by the U.S. Auto Club.

## Join The Crowd— Fall In

The controversy over our behavior in the last assembly brings to mind a conversation between a student and an old fisherman.

These two individuals were engaged in attempting to catch the same catfish, when the student remarked:

"We have some mighty discourteous persons in our school. During assemblies they talk and read books and pass notes while someone is speaking. I think they are just plain rude."

To this the old fisherman replied:

"I remember an incident similar to the one you describe when I was going to school. We had been called into assembly, and as we arrived, we began to talk

to our friends. It took the president of the student body five minutes to quieten us down. Then, he introduced a man to give us a special announcement to which most of us did not listen. The announcement concerned a catch of a catfish, and from the front of the school, previously, we had had the choice of either crossing the street where there was no one, or going to the corner and crossing properly. You know something? When they started us from the assembly, I'll be a mule if this school didn't fall in that ditch."

A similar situation had presented itself after the assembly. Friday before last, many students would have fallen into the same ditch.

## Netters Drop Match

The first tennis match of the season was held between Belle Glade and Pahokee girls' teams on Wednesday afternoon, February 2.

Playing number one singles for Belle Glade was Linda Rockwell who was defeated 6-4 by Willa Tyson of Pahokee. In number two singles Allison Cann defeated Faye Elliott (6-3). The number three singles was won by Mary Kate Ponder who defeated Jo Ellen Brown (6-4). Carey Blane won the number four singles by defeating Signora Briley (7-5). The singles matches were ended with Dottie Elliott of Belle Glade defeating Mary Leigh Amosine with a score of (6-3).

Winning the number one doubles match was Willa Tyson and Faye Elliott with a (6-1) win over Linda Rockwell and Allison Cann. Number two doubles was played by Suzanne Wierengo and Mary Kate Ponder against Jo Ellen Brown and Laurie Montero. The doubles match with a score of (6-4).

The match ended about 6:30. Pahokee girls played their best. Pahokee edged by them with a over-all (4-3) win. Sandra Rimes was the score keeper for Belle Glade.

## Library Corner

**BOOK OF THE WEEK — Man Called Peter**, by Catherine Marshall.

Chaplain of the Senate, minister in Atlanta and Washington, D. C., a preacher noted for his pungent metaphors and vigorous faith... Peter Marshall made an indelible impression on the religious life of the country. In this biography his wife reveals much of his personal side and a great deal of herself.

Many of Dr. Marshall's prayers and sermons are included.

**NOTES —** Lynda Sides is the new librarian assisting during this period. She is a sophomore from Sidney Lanier High School, Alabama.

The librarian is processing 100 new paper back books, reference books, and adventures. These will be ready to check out at a later date.

**BOOKWORK OF THE WEEK —** Alice Stevens is the junior bookworm for this week. She enjoys sketching her favorite characters.

**MOTTO OF THE WEEK —** "Do great people thrill you? Meet the greatest in books."

## Who Is It?

"Who is it?"... This question was asked to several students. The identity was kept secret until the students guessed their answer. Here are the reactions:

Paul Livewell — "Gosh, who's her teacher? It's a senior? Susie Schoepel?"

Susie Wierengo — "Is it a senior? It's a blonde hair. Just let me look at it a while. Jill Chapman? Millie Kirchman?"

John Bamford — "Is it a senior? Pat Lane!"

Larry Bowen — "That looks like Susie Wierengo, but isn't it? I never can guess those things. Her hair looks funny for Susie!"

Connie Bacon — "Let me hold it. It doesn't have any teeth. It's got a pug nose. I don't know. It's a smile like that? Becky Blakeley? After Connie found out who the mystery figure she replied — "That's Pat Lane!" Everything's changed!"

Green Gove — "Where's her teeth? L.N. never her mouth and see. It looks like Pat Lane. I know. I'm guessing it!"

Pete Parrish — "Oh—Pat Lane. I've got one of her clothes on. I can't without any clothes on."

Judy Sells — "I don't know but she has a beautiful pair of front teeth. That looks like a permanent, Paula!"

Farrell Kaufman — "Oh—I know... It's Sandra Rimes! I don't know who it is. Is it Cynthia? Tanya Croft?"

Ray Trammell — "Gosh I don't know. I know her face. Wait a minute. What are you writing? Well, I know she's not that ugly. It couldn't be you? Patricia? Knows this cute little girl. She's short, cute, has brown hair, is a junior, and her name is Pat Lane."

Baseball season officially opens March 9th with a game against Stuart on their field.

## Rams Run To The Diamond

The first call for baseball players brought 20 boys to the field Monday, Feb. 1. Basket, ball players, and pitchers.

Report until the basketball season ends. The Rams have 13 letterman returning, who are as follows: Seniors: Larry Bowen, John Evans, John Spooner, and Don Wilkinson; Juniors: John Henderson, Eddie Hart, Ray Sullivan, Tony Latour, Gary Walker, Riley Foster, and Pat Gilbert; Sophomores: Herbert Giese and Bryant Davis.

The biggest gap at this point appears to be in pitching since Tony Latour and Pat Gilbert are the only returners. Because of this gap, Ray Sullivan and Riley Foster have agreed to do double duty as pitchers.

Newcomers to pitching are Eddie Jimmerson and Richard Van Landingham. Candidates for other positions are Duane Stokes, Ricky Young, Ramon Zubizarreta, Wendel Wells, Pat Bowen, and Bill Miller.

Baseball season officially opens March 9th with a game against Stuart on their field.

## Seniors Order

### Invitations

A Senior Class meeting was held last Tuesday, February 2, in the cafeteria. The Seniors voted on the thesis of graduation invitation to be purchased.

The Invitation Committee narrowed the choices down from a possible 28 invitations to 3. Last week there 3 invitations were on display in one of the new show cases.

During the meeting No. 3 of those on display was chosen by narrow margin. Afterwards, the Seniors began ordering their invitations. The final day for ordering was last Monday.

The invitations are being purchased from Josten Company.

The world today is a muddled composition of antagonistic ideas and distrust of ones fellow man. Today's ideas are the fashion in today's world, at least, they seem to be prevalent in our adversary's mind.

## Canal Point Methodists To Hold Revival

A revival meeting will begin at the Canal Point Methodist Church, February 18th, and will continue through February 25th, it was announced this week. Rev. Ben Williams will be the visiting minister, conducting the service. Carter Berkeley, song leader will conduct special singing services each night. Rev. Williams and Mr. Berkeley were at Canal Point last year for the revival meeting, and everyone welcomes them back again this year, a representative of the church stated.

Rev. James Baugher, pastor of the church, said that services will begin each evening at 7:30, and the public is cordially invited to attend.

## Three Teachers Added To School Faculties Here

Three new teachers have joined the staff of Belle Glade Schools. Miss Shirley Boyd and her cousin Miss Connie Boyd from Tunica, Miss., began their duties Feb. 1.

Both teachers are graduates of Mississippi State College for Women, Columbus, Miss., and are on the staff of Belle Glade Junior High School, teaching Social Studies and English in the 7th and 8th grades. Miss Monnie Boyd is on the staff of Belle Glade Elementary School, teaching Social Studies and English in the 5th and 6th grades.

The girls are making their home at the Diane Apts., on S. W. 16th St.

Miss Margaret Stewart from Centre, Alabama, has had 13 years of teaching experience & received her masters degree from Auburn. She is teaching the 8th grade at Belle Glade Junior High School and is also librarian.

New Cub Scouts And Parents

Bobcat Badges were pinned on these new Cub scouts by their parents. (l-r) is Jeff Harris and his parents, Mr. and Mrs. Horace Harris and Sonny Stein, with his parents, Mr. and Mrs. Fritz Stein. Other awards were presented prior to the Pinewood Derby at the regular meeting.

## Army Engineers Award Contract Moore Haven Lock

A West Palm Beach firm has been awarded an \$824,983 contract by the U. S. Army Corps of Engineers in Jacksonville for construction of a four-bay spillway and lift gates at Moore Haven Lock on the Okeechobee Waterway.

The Murphy Construction Co. of West Palm Beach submitted the lowest of eight bids on the job. Bids ranged as high as \$1.2 million.

Col. H. J. Parfitt, district engineer, in announcing the contract award said the spillway,

when completed in a little over a year, will work in conjunction with the navigation lock on the west side of Lake Okeechobee. The spillway channel was dredged previously under contract. Normally the headwater at the spillway will vary only three to six feet.

Located 500 feet east of the Moore Haven Lock in Glades County, the spillway will be 40 feet high and will have four gates measuring 20 by 12 feet.

## In Service

FULDA, GERMANY (AHTNC) Army PFC Melvin R. Lee, son of Mrs. Hilda W. Lee, 542 E. Del Monte Ave., Clewiston, Fla., was assigned to border patrol duty with the 14th Armored Cavalry Regiment in West Germany, Jan. 18.

Lee will be taking part in continuous surveillance missions designed to provide immediate notification of any aggressive activities along the border.

The regiment uses mobile patrols, observation and listening posts and surveillance flights by Army aircraft in carrying out its responsibilities in the border area.

A tank driver in Troop 1 of the regiment's 3d Reconnaissance Squadron near Bad Hersfeld, Lee entered the Army in December 1963 and received basic training at Fort Gordon, Ga.

The 23-year-old Soldier was graduated from Belle Glade High School in 1959.

## Now, Phosdrin is an all-season insecticide

—vegetable growers are using its  
hard-hitting control and fast disappearance in every spray.

The special effectiveness that has always made Phosdrin<sup>®</sup> Insecticide profitable for late-season use is now protecting vegetables throughout their growth. Here's why:

The 5- to 7-day spray schedules authorities now recommend have changed the role of Phosdrin. With its rapid speed of kill and near-perfect insect control, Phosdrin is extremely effective in the new short-interval spray schedules.

Also important in the new programs: Phosdrin is competitive on a cost per acre basis and its fast disappearance eliminates problems.

Insects and residues both vanish

A Phosdrin spray cleans up a broad spectrum of insects in a matter of minutes—aphids, mites, looper worms, almost all destructive pests attacking vegetables. Because control is

so thorough, insects can't build to damaging levels between sprays. And, of course, accidental drift to a nearby field also disappears rapidly.

Phosdrin makes it easy to avoid problems—all season and close to harvest. It's gone from the field a few hours after application.

Complete control is economical

Phosdrin alone protects lettuce, tomatoes, beans, peppers, celery, watermelons, eggplant and many other vegetables. There's no need to add another insecticide and raise costs... even if resistant insects are present. Phosdrin stops them too. And it offers a wide margin of safety to leaves and fruit of insecticide-sensitive crops like cucumbers and lettuce.

A little Phosdrin goes a long way. As little as 1/4 pound per acre is all it takes to end the damage of most vegetable insects. Dosage rates seldom exceed 1/2 pound per acre. Check

into costs and consider the overall protection Phosdrin gives you and your crop, and you'll see why it pays to use Phosdrin all season.

Phosdrin is available from your local insecticide dealer under many well-known brand names, or as a product of Shell. In liquid or dust.

Shell Chemical Company, Agricultural Chemicals Division, 55 Marietta Street, N.W., Atlanta 3, Georgia.

Always read and carefully follow label directions.

Phosdrin<sup>®</sup>  
INSECTICIDE  
A PRODUCT OF SHELL CHEMICAL COMPANY

Early and mid-season control with Phosdrin hits insects hard, cleans them up fast.

Close-to-harvest insect control with Phosdrin gives you an unbeatable way to insure crop quality.

# Heart Surgery Is Successful For Active Glades Residents

Mrs. Curtis Williams of Belle Glade and Mr. and Mrs. L. V. McClelland of Canal Point do not question if heart surgery can save their lives or increase their life span. It has. These people have been hospitalized within the past ten years and have successfully recovered from heart surgery and today are living happy, contributory lives. They are all family people, either the bread winner or helping to build a sound future as a family and making their contribution to a better America. They know from first-hand experience the value of modern research and surgical treatment in the care of the heart when life and health are at stake.

Anyone who has such

believe that we wouldn't be here today without having had heart surgery."

The McClellands have lived in Canal Point, Florida, since coming here in 1949 from the Virgin Islands. Mr. McClelland is employed as the Glades Veteran Service Officer and Mrs. McClelland works in the office of John Causey, County Agricultural Agent.

February 3rd was the 31st marriage anniversary of the McClellands, and it was announced by Mrs. Sam Knight, Chairman of the Fourth Annual Glades Heart Ball that Mr. and Mrs. L. V. McClelland will be crowned "KING AND QUEEN OF HEARTS" February 27 at the Heart Ball.

Mr. and Mrs. McClelland manifest a concern that the public should be aware of the extensive and successful research in the medical field contributing to man's life span. Together they say "research has made these amazing medical advances in heart surgery and have contributed to a declining mortality rate and we hope that our shared experience and useful lives may be a source of encouragement to those contemplating heart surgery."

## Heart Coffee Here Saturday

Miss Virginia McVey, executive director of the Heart Association of Palm Beach and Martin Counties, Miss Lynn Bartlett, program director and Mrs. Lee Hogarth, Heart Sunday chairman for Palm Beach County will be special guests at a Heart Coffee this Saturday at 10:00 A.M. at the home of Mrs. Benny Richmond, 316 S. E. Avenue B.

are planning the Heart Coffee, and as a special emphasis will introduce Dr. John L. Grady who will briefly outline how the heart dollar is spent.

All Heart Sunday volunteers in the area are invited. Mrs. Benny Richmond is chairman of the Heart Bowling Tournament from February 15-19 at the Glades Bowling Lanes.

Best Things for Better Living...through Chemistry

Mrs. Curtis Williams who had heart surgery September, 1959 at Duke University in Durham, North Carolina, has had no difficulties since recovery and enjoys her work at Eli Whit Tobacco Company in Belle Glade.

Dr. Will C. Sealy, Professor of Thoracic Surgery, at Duke, with a team of heart surgeons, corrected a heart condition in which there was a hole between the top chambers of heart, permitting the blood to run through the heart rather than function normally. Mrs. Williams says, "one of the first things I noticed as I resumed activity following surgery was the ability to go up steps in the normal way rather than crawl up."

## Our Latin Neighbors' Column

Monsignor Coleman Carroll, since his designation as Bishop of the Diocese of Miami, has been able to devote different catholic activities and acts of special help through the faithful's donation administered by the Diocesan Development Fund. In the short time of five years he has brought out extraordinary results: the construction of two seminaries, a larger and a minor one, the Marian Center, home for mentally retarded children attended by the Sisters of Cottoleone, from Turin, Italy, functioning on 37th Avenue and N.W. 133rd Street, to give help to unmet needs, to be attended by Sisters of St. Joseph, the Lourdes Residence, homes for the aged, attended by Carmelite Sisters, and the expansion of Centers of Education of the Diocese. Here in Belle Glade, we have been favored by the continued work of the Sisters of St. Joseph. All these great works have been made possible by the faithful's contribution.

This year that contribution must be more generous than ever, because of the extraordinary increase in the Diocesan population during the last years, making necessary the magnificent work of expansion in the Diocesan Development Fund. On the other hand Bishop Carroll wishes to make a reality this year of a special work inside the Fund, the expansion of the Boys Town and a Girls Town, where the young people who have lost the guidance of their parents through death, divorce, abandonment or any other motive, may find a home. In this new home, the young people will find direction, help, comprehension and a preparation to help them face life.

When we remember all that we read in the daily papers on juvenile delinquency, that is principally manifested in the abandoned youth, we understand the great need and usefulness for Bishop Carroll's work.

### OUR LATIN NEIGHBORS' COLUMN

Today, February 11th, we celebrate the feast of the Virgin of Lourdes, so miraculous, and to whom we Cubans are very devoted. Many of our young people celebrate their festive days today, and we are happy to congratulate:

— Lourdes Cano, charming wife of Jorge Cano, and her mother Malala Mata.  
— Lourdes Tomeu, daughter of Pepe and Enrique Tomeu, Jr.  
— Lourdes Camman, daughter of Raquel and Arcadio Camman.  
— Lourdes Alvarez, daughter of Teresa and Sergio Alvarez.  
— Lourdes Mendiguren, daughter of Cachita and Jon Mendiguren.  
— Lourdes Cervera, daughter of Nora and Miguel Cervera.  
— Lourdes Porro, daughter of Mimi and Manolo Porro.  
— Lourdes Corona, sister of Rivas and Mrs. Bueno.

With pleasure we present Lourdes Camman photo, lovely 15 year old girl, daughter of Raquel and Arcadio Camman, who works for the Glades Star Mill. Lourdes is very popular among Belle Glade's young set. She received from her aunt Rosa Martinez Cabrera, Professor of French and other Languages, in the University of New York, this lovely letter: "Her fifteenth birthday, which we publish with emotion:

"Dear Lourdes: In a few days you will celebrate your fifteenth birthday, which marks the event of your transition from girl into a woman. You do not know how much we remembered you and how much we thought about you and your parents on this date that will elapse in a way well different from those than the one we had planned since you were born.

The circumstances of our exile have changed the ideals and dreams and even the projects that seemed so sure have all come down. But from this we have drawn a lesson: we have the vanity of the human things

and also it makes us stronger in our faith and our spirit.

When we think that other young girls in Cuba unfortunately do not have: being with your parents and brothers and growing and being educated in a free and christian environment. If some day you went back to Cuba, you will take with you education, religious formation and democratic feeling, and that in itself is a fortune. Think of those poor Cuban girls, who have their parents jailed or dead, and are suffering the constant indoctrination of the communists.

You and your parents have suffered, who can doubt it? But this suffering has not been in vain. In the passing of time our Lord will permit us to see the recompense.

On my fifteenth birthday, Grandmother gave me a very beautiful medallion, with which she had been married. She asked me to use it and to give it to the first great-granddaughter when she was fifteen. That medallion is in Cuba, and if ever some day we go back, it will be for me an immense happiness that you might display it, and at the same time, transmit it to the great-great-granddaughter in her opportunity. We live with the remembrance of our family traditions, and with the hope to renovate them some day.

Instead of the valuable and artistic medallion, I am sending you a simple cross, humble present but which has the highest of our religion.

I know you are a magnificent student and I feel proud of your success. I hope that you go on the same way and take advantage of the opportunities that in this wonderful country are presented to us for education.

We would have liked very much to be with you on this date, our love and family union has not been made tepid by this exile, but distance and the problems of daily life do not permit us many a time to realize our wishes. I hope soon to make a little trip and hug you all.

Few things I can tell you, that are said on these occasions, which might not result frivolous and inopportune. Take good care of your parents, they make big sacrifices, have faced great sufferings and are worthy of all the care, the respect and consideration which you can give them.

Direct your little brother and sisters, be a guide unto them and an example from which they can learn a lot of your application and your conduct.

Preserve your faith and trust in God. He will guide you and grant the answer to your prayers.

In some future birthday of yours that we might celebrate in Cuba, in the old grandparents house, we'll remember these times as a fest and a lesson, and then we'll be happy to be together, to have faith, and live in a free Cuba.

We wish for you and your parents and your brother and sisters, many good things. May God bless you and grant them to you.

One who loves you and embraces you,  
— Rosa Martinez Cabrera  
— Lourdes Cervera, daughter of Nora and Miguel Cervera, has just passed pneumonia and the measles. She is recovering, and is back at home.

In the Belle Glade hospital Mr. Leo Hevia finds himself going through pneumonia. They are all expecting his quick recuperation. He works at the Talamon Sugar Mill.

Martica Gortia went through a tonsil operation by Dr. Soto, at the Belle Glade hospital. We hope you recover pretty soon, Martica.

Eduardo Gomez, 6 years old, son of Teresa and Ramon Gomez, had a snack party where he got together some of his friends. There were his sister Teresa Gomez, his cousin Jorge Luis, Carlos Alberto and

Jose Ignacio Cano, Sonia Elena Alvarez, Vivian Martinez, Manolo y Pepe Porro, Carlos Antonio Riva, Tony Martinez, Rafael Agramonte, Eduardo Rea, Jose Castro, Mayito Garcia, Joaquin Bastanuri, Yori Sanchez, Jorge Chavez, Luis Welby, Miguelito and Juan Manuel Cervera, Carlos Latorre, Jose Ramon Bueno, Leni Tarafa, Duncan Trammel and Timmy. They had a very nice time at Eduardo's home.

OLGA PICHARDO, who belongs to our young set of teenagers, studies in the Belle Glade Junior High, 8th grade, she is Olga and Gaspar Pichardo's daughter. Her father works at Ocotilla Farms. Olga is going to have a small party on St. Valentine's day, which we will be happy to publish in this column.

Pahokee High School had the Basic Band and Concert, with its Director Mr. Lampi, and among the Blue Devils they chose:  
MR. SENIOR — Pat Murphy

MISS SENIOR — Faye Elliott  
MR. JUNIOR — Frank Branch  
MISS JUNIOR — Sandy Pierre  
MR. SOPHOMORE — Randy Wilkinson  
MISS SOPHOMORE — Linda Lane  
MR. FRESHMAN — Wayne Jarrill  
MISS FRESHMAN — Rosalia Presno

It makes us immensely happy to find in the Belle Glade Junior High Honor Roll, many of our young set in the Latin Colony, like Oscar Ortiz, Maria Soto, Maria Gonzalez, Alicia Lovet de Mola, Sara Gonzalez, Diana Mery, Jose Wehr, Maria Llorando and Ripa Torres. This makes us feel "in" and at home here in Belle Glade.

### FROM MIAMI

There was a luncheon and a fashion show on February 2nd at the Fontainebleau Hotel in Miami Beach, sponsored by members of the Mercy Hospital Auxiliary. The fashions presented by Jordan Marsh Store, and the donation to benefit the Mercy Hospital Expansion Program.

On March 23rd at Miami's Hotel Seville, there is going to be a dance called "A Night In

Spain" all in Spanish theme. The tickets will be \$20 per person. And they are planning Spanish menus and entertainment.

The famous Sophie Tucker with her 77 years, always full of pep and with make-up, dressed brilliantly for her dinner engagements, continues her appearances in the night clubs. She came to Miami for the annual show on February 4th, at the Variety Club, Miami Beach auditorium, a benefit for the Variety Hospital for children.

### NEAR AND FAR

In Guadalajara Mexico, in a music festival a punie was formed when a stampede of 7,000 fans was trying to leave the theatre at the end of the show, and another group of 5,000 fans trying to enter before another performance was to begin. In this rush 20 persons resulted dead and crushed. The police blamed the tragic happening on those who arranged the spectacle because they should have allowed a longer interval between the two performances.

Maria Bueno, Brazil's tennis champion, suffered a severe leg injury, and could not continue her tennis match against Margaret Smith, Australian tennis champion, in Cuba, and in Victor Jory, television and

movie actor, 63 years old, has been hospitalized in California, experiencing chest pains. Examinations are being made to determine if the pains were caused by a mild heart attack. He is expected to remain in bed for several weeks.

In Hollywood, California, Joe Ford, film director for most half a century, and winner of four OSCARS, marked his 70th birthday. He has directed various films among which we find those Oscar winners: "The Informer", "The Grapes of Wrath", "How Green was my Valley" and "The Quiet Man".

For last Sunday, February 7th, they announced the wedding of Prince Michael of Greece, in Athens, with Marina Kapellia, a young lady 25 years old, daughter of a Greek textile manufacturer. Prince Michael, cousin of King Constantine of Greece, who will be the best man.

### "LEARNING HOW TO COOK" Corner

MENU: White rice, Black Beans, Steak, Fruits.  
In one past letter, I gave you the white rice recipe. I only wish to inform you the form to serve it on each dish. An ordinary ration would be: Two cups of white rice, for one dipper of black beans.

**BLACK BEANS:** (Ingredients): 1 pound black beans, 6 cups of water, 1 green bell pepper, Olive oil, 1 onion, 3 garlic teeth, 1 green bell pepper, 3 tsp salt, 3 tsp pepper, 1 laurel leaf, 1 tsp vinegar, 1 tsp olive oil, 1 tsp cooking wine, (optional)

After washing them well, you locate them soaked overnight with 1/2 green pepper, in 8 cups of water, covered. Next morning, you cook them uncovered in that same water, high heat until it boils, then low heat and cover the casserole until they soften, about an hour. Meanwhile, cut the onion, garlic and pepper, in olive oil broken, you can fry the onion, garlic and pepper, in olive oil covering the bottom of the pan, medium heat for five minutes, and low heat for 10 minutes, stirring same with the skimmer until they are soft.

From the black bean casserole take out with the dipper about 1 cup of beans and fry them with the onion etc., amazing them till they form a puree, then pour everything back to the casserole with the rest of

the beans. First make it boil, and put it on low heat 1 more hour. Add vinegar, oil and for another hour. It gives about ten rations.

### PALOMILLA STEAK

(4 steaks - 1 lb.)

You hit it hard with a wooden club or a wooden spoon, in order to crush it and stretch it. You wash them well. Season with half a lemon, 1 tablespoon salt, which you stick with your hand, and half an onion set in fourth, which leaves you distribute on top of the steaks, and you leave them in this season, half a day, or overnight, in the refrigerator.

Cover the bottom of the pan with oil or lard. Medium heat first, and then low heat for about ten or fifteen minutes, cutting lines on the steak with a knife, to make it well cooked inside. Putting the onion and the seasoning in the pan to gether with the steaks.

## Naples Prepares For Shell Show

Final preparations are being made for the sixth annual Naples Shell Show, which will be held in this Gulf Coast resort city on February 19, 20 and 21 at the Woman's Club Auditorium. Interest in the free exhibition of marine treasures has increased steadily during the past few years and its sponsor, the Naples Shell Club, is hopefully endeavoring to make the forthcoming event the finest shell show in the country.

Not only knowledgeable conchologists but also those amateurs who find shells pretty and fun to collect will be among the 5,000 to 7,000 persons from Florida and over the country who are expected to attend. The exhibits will include 150 cases of shell specimens, fossils and unusual examples of shell craft. There will be several aquariums displaying live mollusks from local waters and a special feature will be a student's show, for which students from the first grade onward are eligible.

The beauty of it, of course, goes deeper than the things you don't get. There's the other side of the coin—what you do get in their place.

Take the no window post, for example. What you do get is hardtop styling—with curved frameless side windows—in every Corvair closed model.

The transmission and driveline hump you don't get means more foot room. Thanks to Corvair's rear engine, the floor is practically flat.

No radiator—the engine's air-cooled—also means no water, no antifreeze and no hose leaks to worry about. All

of which add up to some more important pluses.

Power steering? Power brakes? Corvair needs them like a centipede needs crutches. With most of the engine weight on the rear wheels, the front ones are free to steer easily. And stops are quick and sure—with no nosediving.

Come down to our showroom and discover the difference.

Monsenor Coleman Carroll, desde que fue designado Obispo de la Diócesis de Miami, con el desarrollo de diversas actividades católicas y obras de ayuda social por medio de donativos de los fieles administrados por un Diocesan Development Fund. En el corto tiempo de cinco años ha logrado resultados en la Avenida 37 y N. W. Calle 133, Miami, el St. Vincent Hall, para ayuda a futuras madres no casadas, atendido por las Hermanas de St. Joseph, el Lourdes Residence, hogares para ancianos, atendido por Madres Carmelitas, y la expansión de los Centros de Enseñanza de la Diócesis. Últimamente hemos sido beneficiados con la construcción del Convento para las Hermanas. Todas estas grandes obras han sido posibles por la contribución de los fieles.

Este año es una contribución de ser más generosa que nunca pues el aumento extraordinario que ha tenido la población de la Diócesis ultramarina hace necesaria la expansión de la magnífica obra del Diocesan Development Fund. Por otra parte el Obispo Carroll desea realizar este año una obra especial dentro del Fondo de expansión o mejor dicho la creación de una Ciudad para Niños y una ciudad para niñas donde puedan encontrar hogar a la juventud que hayan perdido la vida de la guía de sus padres por muerte, divorcio, o abandono u otro motivo. En ese caso, no hogar esos jóvenes encontrando dirección, ayuda, comprensión y preparación para la ayuda a entrar en la vida.

Cuando recordamos todo lo que hemos en la prensa diaria que la delincuencia juvenil se manifiesta principalmente en la juventud abandonada, comprendemos la gran necesidad y utilidad de esta obra del Obispo Carroll.

Se calcula en un millón y medio de dólares el costo de los estos proyectos y como nosotros, todos los fieles y demás personas de buena voluntad, quienes debemos formar una cantidad con nuestras contribuciones.

En los próximos días los católicos de la Parroquia de San Juan de los Rios en sus hogares por representantes parroquiales para solicitar sus donativos. Recuerden que la obra es grande y su costo grande. Su donativo debe ser también grande. No será necesario que la cantidad que cada uno contribuya sea entregada de inmediato, sino podrá ir entregando en plazos dentro del año.

Cuando los representantes parroquiales lo visiten, recuerden que esta es una obra para Dios y para el prójimo, y que la Biblia dice: "Amaras a tu prójimo como a ti mismo. La caridad no hace mal al prójimo. Así que, el cumplimiento de esta ley es la Caridad."

**COLUMNA LATINA**  
Hoy, día 11 de Febrero, es la

festividad de la Virgen del Lourdes, tan milagrosa, y a quien nosotros los Católicos somos tan devotos. Mucha de nuestra gente joven celebra su santo día, y tenemos gusto en resaltar las que celebran hoy su santo. Felicidades. Lourdes Cano, esposa de Jorge Cano, y su mamá María Malu. Lourdes Tomez, hija de Beba y Enrique Tomez Jr.

Lourdes Camman, hija de Raquel y Arcadio Camman. Lourdes Alvarez, hija de Teresa y Sergio Alvarez. Lourdes Mendiguerre, hija de Cuchita y Jon Mendiguerre. Lourdes Cervera, hija de Nora y Miguel Cervera. Lourdes Porro, hija de Mimi y Manolo Porro. Lourdes Corona, hermana de Mrs. Rivas y Mrs. Bucno.

**LOURDES CAMMAN**  
Aquí tenemos el retrato de Lourdes Camman, linda muchacha de 15 años, hija de Raquel y Arcadio Camman, quien trabaja para el Glades Sugar Mill. Lourdes es muy popular entre el grupo pobre de Belle Glade. Y ella recibió de su tía Rosa Martínez de Cabrera, Católica de Francés y Lengua, de la Universidad de New York, en sus 15 años, esta carta que publicamos con emoción:

"Querida Lourdes: Dentro de muy pocos días va a celebrar tus quince años, que marca el acontecimiento de tu transición de la niñez a la vida adulta. En lugar del medallón sencillo que llevas, te regalo un medallón, pero que simboliza lo más alto de nuestra religión.

Se que eres una magnífica estudiante y me siento orgullosa de tu éxito. Espero que sigas por ese camino y aproveches las oportunidades que en este maravilloso país se nos presentan para la educación. Nos hubiera gustado mucho poder estar contigo en este día, el carino y la unión familiar no se han entubido en el destierro, pero la distancia y los problemas de la vida diaria nos impide hacer veces realizar nuestros deseos. Espera pronto poder hacer un viaje a y abrazarte.

Pocas cosas puedo decirte, de esas que se dicen en estas ocasiones y que no resultan frías e inoportunas. Cuida de tus padres, ellos hacen grandes sacrificios, han afrontado grandes sufrimientos y merecen todo el cuidado, el respeto y la consideración que ustedes puedan dárles.

Dirige a tus hermanitos, se una guía y un ejemplo para ellos que podrán aprender mucho de tu aplicación y fe de tu conducta. Conserva tu fe y confía en Dios. El ha de guiarte y conducirte la respuesta de tus oraciones.

En algún próximo cumpleaños tuyo que festejemos en Cuba, en la víspera de los años, cuando tendremos estos tiempos como una prueba y una lección y entonces estaremos contentos más estar juntos, de tener fe, y de vivir en Cuba libre. Te deseamos a ti, a tus padres y tus hermanitos muchas cosas que Dios los bendiga y se las conceda.

Te quiere te abraza tu tía Rosita Martínez Cabrera

Tuvieron una merienda de la mas animada y pasaron un rato muy agradable en casa de Eduardo.

## DESDIE MIAMI

sufrimiento no ha sido en vano. Con el tiempo, Dios nos permitiera ver la recompensa.

Cuando yo cumplí mis quince años, Abuelita me entregó un medallón muy hermoso, con el cual ella se había casado. Me pidió que lo usara y que se lo diera a su primera bisneta cuando cumplí los quince. Ese medallón está en Cuba, y si algún día regresamos, será mi una inmensa alegría que tu puedas llevarlo, y a tu vez, lo transmitas a la tataraneta en su oportunidad. Vivimos con el recuerdo de nuestras tradiciones familiares, y con la esperanza de renovarnos algún día.

En lugar del medallón sencillo y artístico, te envío una sencilla cruz, regalo modesto, pero que simboliza lo más alto de nuestra religión.

Se que eres una magnífica estudiante y me siento orgullosa de tu éxito. Espero que sigas por ese camino y aproveches las oportunidades que en este maravilloso país se nos presentan para la educación.

Nos hubiera gustado mucho poder estar contigo en este día, el carino y la unión familiar no se han entubido en el destierro, pero la distancia y los problemas de la vida diaria nos impide hacer veces realizar nuestros deseos. Espera pronto poder hacer un viaje a y abrazarte.

## LOURDES CERVERA

Lourdes Cervera, hija de Nora y Miguel Cervera, acaba de pasar una pneumonia y se encuentra en su casa. En el hospital de Belle Glade se halla el Sr. Leo Hevia, esperando su pronta recuperación de una pneumonia. El trabaja en el negocio de Teléfonos. A Martica Goytia la opero de las amígdalas el Dr. Soto, en el hospital de Belle Glade, el día 2 de febrero. Esperamos que restablezca pronto, Martica. Eduardo Gomez, de 6 años de edad, hijo de Teresa y Ramon Gomez, celebra su cumpleaños en una merienda donde reunio a sus amigos. A esta asistieron sus hermanas Teresita Gomez, sus primos Jorge Luis, Carlos Alberto y Jose Ignacio Cano, Susana Elena Alvarez, Vivian Martinez, Manolo y Pepe Porro, Carlos, Antonio Riva, Tony Martinez, Rafael Aguirre, Eduardo Becia, Jose Castro, Mayito Garcia, Jorjito Bastanuri, Deyo Sanchez, Jorge Echavez, Louis Webre, Miguel y Juan Manuel Cervera, Carlos Lator, Jose Ramon Bucno, Leni Farra, Duncan Trammel, y Timmy. Tuvieron una merienda de la mas animada y pasaron un rato muy agradable en casa de Eduardo.

## DESDIE MIAMI

sufrimiento no ha sido en vano. Con el tiempo, Dios nos permitiera ver la recompensa.

Cuando yo cumplí mis quince años, Abuelita me entregó un medallón muy hermoso, con el cual ella se había casado. Me pidió que lo usara y que se lo diera a su primera bisneta cuando cumplí los quince. Ese medallón está en Cuba, y si algún día regresamos, será mi una inmensa alegría que tu puedas llevarlo, y a tu vez, lo transmitas a la tataraneta en su oportunidad. Vivimos con el recuerdo de nuestras tradiciones familiares, y con la esperanza de renovarnos algún día.

En lugar del medallón sencillo y artístico, te envío una sencilla cruz, regalo modesto, pero que simboliza lo más alto de nuestra religión.

Se que eres una magnífica estudiante y me siento orgullosa de tu éxito. Espero que sigas por ese camino y aproveches las oportunidades que en este maravilloso país se nos presentan para la educación.

Nos hubiera gustado mucho poder estar contigo en este día, el carino y la unión familiar no se han entubido en el destierro, pero la distancia y los problemas de la vida diaria nos impide hacer veces realizar nuestros deseos. Espera pronto poder hacer un viaje a y abrazarte.

Pocas cosas puedo decirte, de esas que se dicen en estas ocasiones y que no resultan frías e inoportunas. Cuida de tus padres, ellos hacen grandes sacrificios, han afrontado grandes sufrimientos y merecen todo el cuidado, el respeto y la consideración que ustedes puedan dárles.

Dirige a tus hermanitos, se una guía y un ejemplo para ellos que podrán aprender mucho de tu aplicación y fe de tu conducta. Conserva tu fe y confía en Dios. El ha de guiarte y conducirte la respuesta de tus oraciones.

En algún próximo cumpleaños tuyo que festejemos en Cuba, en la víspera de los años, cuando tendremos estos tiempos como una prueba y una lección y entonces estaremos contentos más estar juntos, de tener fe, y de vivir en Cuba libre. Te deseamos a ti, a tus padres y tus hermanitos muchas cosas que Dios los bendiga y se las conceda.

Te quiere te abraza tu tía Rosita Martínez Cabrera
